

WHAT IS CLAIMED IS:

1. A composition comprising at least one silicone-polyamide copolymer, at least one silicone film former, and at least one volatile oil.
2. The composition of claim 1, wherein at least one of said silicone film formers is a silsesquioxane.
3. The composition of claim 2, wherein at least one of said silicone film formers is a polyalkylsilsesquioxane.
4. The composition of claim 3, wherein at least one of said silicone film formers is a polymethylsilsesquioxane.
5. The composition of claim 1, wherein at least one of said silicone film formers is a siloxysilicate.
6. The composition of claim 5, wherein at least one of said silicone film formers is a trialkylsiloxysilicate.
7. The composition of claim 6, wherein at least one of said silicone film formers is a trimethylsiloxysilicate.
8. The composition of claim 1, further comprising pigments.
9. The composition of claim 2, further comprising pigments.
10. The composition of claim 3, further comprising pigments.
11. The composition of claim 4, further comprising pigments.
12. The composition of claim 5, further comprising pigments.

13. The composition of claim 6, further comprising pigments.
14. The composition of claim 7, further comprising pigments.
15. The composition of claim 8, wherein said composition is in the form of a lip composition or a foundation.
16. The composition of claim 9, wherein said composition is in the form of a lip composition or a foundation.
17. The composition of claim 10, wherein said composition is in the form of a lip composition or a foundation.
18. The composition of claim 11, wherein said composition is in the form of a lip composition or a foundation.
19. The composition of claim 12, wherein said composition is in the form of a lip composition or a foundation.
20. The composition of claim 13, wherein said composition is in the form of a lip composition or a foundation.
21. The composition of claim 14, wherein said composition is in the form of a lip composition or a foundation.
22. The composition of claim 1, wherein said volatile oil is a volatile hydrocarbon oil.
23. The composition of claim 2, wherein said volatile oil is a volatile hydrocarbon oil.

24. The composition of claim 3, wherein said volatile oil is a volatile hydrocarbon oil.
25. The composition of claim 4, wherein said volatile oil is a volatile hydrocarbon oil.
26. The composition of claim 5, wherein said volatile oil is a volatile hydrocarbon oil.
27. The composition of claim 6, wherein said volatile oil is a volatile hydrocarbon oil.
28. The composition of claim 7, wherein said volatile oil is a volatile hydrocarbon oil.
29. The composition of claim 22, wherein said volatile oil is isododecane.
30. The composition of claim 23, wherein said volatile oil is isododecane.
31. The composition of claim 24, wherein said volatile oil is isododecane.
32. The composition of claim 25, wherein said volatile oil is isododecane.
33. The composition of claim 26, wherein said volatile oil is isododecane.
34. The composition of claim 27, wherein said volatile oil is isododecane.
35. The composition of claim 1, wherein said silicone film former is present in an amount ranging from about 1% to about 15% by weight relative to the total weight of the composition.

36. The composition of claim 2, wherein said silicone film former is present in an amount ranging from about 1% to about 15% by weight relative to the total weight of the composition.
37. The composition of claim 3, wherein said silicone film former is present in an amount ranging from about 1% to about 15% by weight relative to the total weight of the composition.
38. The composition of claim 4, wherein said silicone film former is present in an amount ranging from about 1% to about 15% by weight relative to the total weight of the composition.
39. The composition of claim 5, wherein said silicone film former is present in an amount ranging from about 1% to about 15% by weight relative to the total weight of the composition.
40. The composition of claim 6, wherein said silicone film former is present in an amount ranging from about 1% to about 15% by weight relative to the total weight of the composition.
41. The composition of claim 7, wherein said silicone film former is present in an amount ranging from about 1% to about 15% by weight relative to the total weight of the composition.
42. The composition of claim 1, wherein said at least one silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.

43. The composition of claim 2, wherein said at least one silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.
44. The composition of claim 3, wherein said at least one silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.
45. The composition of claim 4, wherein said at least one silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.
46. The composition of claim 5, wherein said at least one silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.
47. The composition of claim 6, wherein said at least one silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.
48. The composition of claim 7, wherein said at least one silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.
49. The composition of claim 1, wherein said at least one silicone-polyamide copolymer is a Nylon-611/dimethicone copolymer.
50. The composition of claim 2, wherein said at least one silicone-polyamide copolymer is a Nylon-611/dimethicone copolymer.

51. The composition of claim 3, wherein said at least one silicone-polyamide copolymer is a Nylon-611/dimethicone copolymer.
52. The composition of claim 4, wherein said at least one silicone-polyamide copolymer is a Nylon-611/dimethicone copolymer.
53. The composition of claim 5, wherein said at least one silicone-polyamide copolymer is a Nylon-611/dimethicone copolymer.
54. The composition of claim 6, wherein said at least one silicone-polyamide copolymer is a Nylon-611/dimethicone copolymer.
55. The composition of claim 7, wherein said at least one silicone-polyamide copolymer is a Nylon-611/dimethicone copolymer.
56. The composition of claim 1, wherein the composition is anhydrous.
57. The composition of claim 56, wherein the at least one of said silicone film formers is a silsesquioxane.
58. The composition of claim 56, wherein the at least one of said silicone film formers is a siloxysilicate.
59. The composition of claim 56, which further comprises pigments.
60. The composition of claim 56, which is in the form of a lip composition or a foundation.
61. The composition of claim 56, wherein the volatile oil is a volatile hydrocarbon oil.

62. The composition of claim 61, wherein the volatile oil is isododecane.
63. The composition of claim 56, wherein the silicone film former is present in an amount ranging from about 1% to about 15% by weight relative to the total weight of the composition.
64. The composition of claim 56, wherein the at least one silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.
65. The composition of claim 1, which is in the form of an emulsion.
66. The composition of claim 65, wherein the at least one of said silicone film formers is a silsesquioxane.
67. The composition of claim 65, wherein the at least one of said silicone film formers is a siloxysilicate.
68. The composition of claim 65, which further comprises pigments.
69. The composition of claim 65, which is in the form of a lip composition, foundation or mascara.
70. The composition of claim 65, wherein the volatile oil is a volatile hydrocarbon oil.
71. The composition of claim 70, wherein the volatile oil is isododecane.
72. The composition of claim 65, wherein the silicone film former is present in an amount ranging from about 1% to about 15% by weight relative to the total weight of the composition.

73. The composition of claim 65, wherein the at least one silicone-polyamide copolymer is present in an amount ranging from about 0.5% to about 10% by weight relative to the total weight of the composition.
